You will find other luxury apartments along the east coast of Australia.

You will not however find another Bayview Harbour.

For Bayview Harbour isn't just an apartment building. It is a living environment.

One that not only satisfies your aspirations of luxury, but also the desires of your individual lifestyle.

Quite a statement, but then again Bayview Harbour is quite a development.

Precisely located, Bayview Harbour's views span the entire Gold Coast. From Surfers Paradise, only eight kilometres away across the sparkling blue Broadwater, to the vast waterways of Moreton Bay and the Pacific Ocean beyond.

A haven in the sun, Bayview Harbour provides you with every amenity. From gymnasium to spa pool. Secluded barbeque area to a favourite shady spot under a blossoming Jacaranda. It's all there, even an international standard marina for your pride and joy.

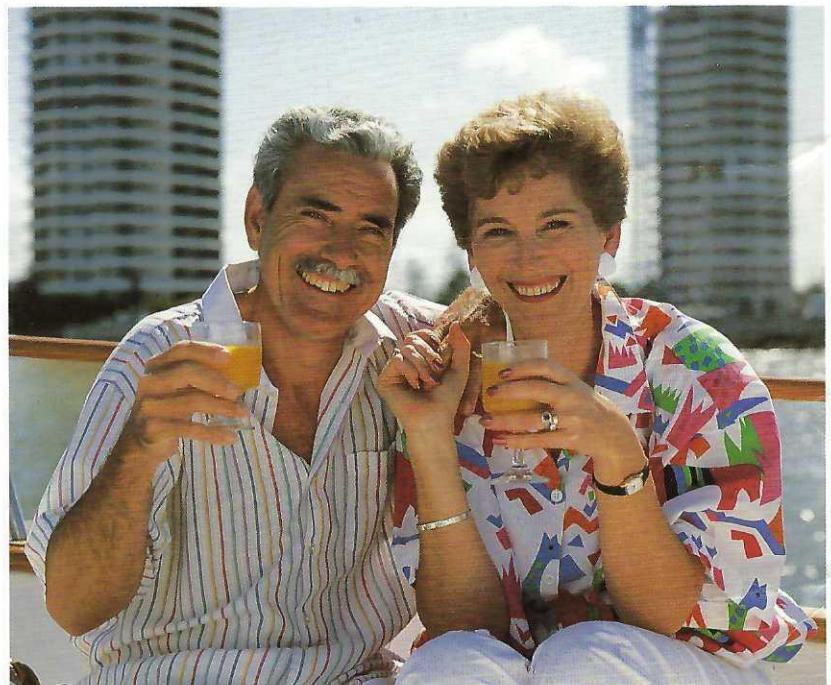

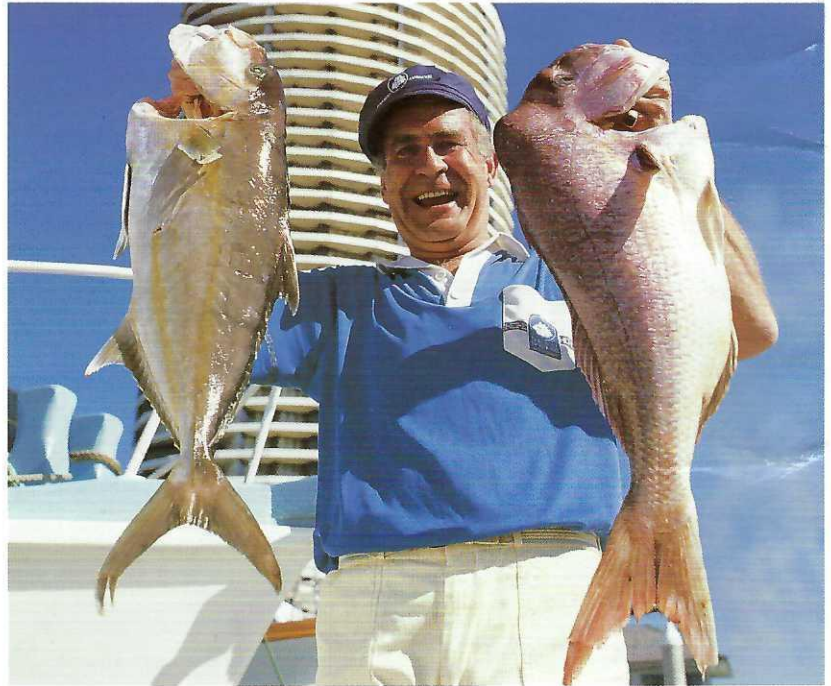

Bayview Harbour isn't another stop along the way. Bayview Harbour is there.

A place to enjoy your success from a vantage point unequalled.

Take the time to get to know the place.

Discover what it is like, to be exactly where you want to be.

Bayview Harbour.
